

RISHI PRAKASH SONI

Noida, Uttar Pradesh | +91-9315265049 | avviare.rishi@gmail.com

[in LinkedIn](#) | [GitHub](#)

Profile Summary

Full Stack Engineer with 4+ years of professional experience architecting, building, and deploying production-grade web applications across the MERN stack, NestJS, and TypeScript. Proficient in designing low-latency RESTful APIs, event-driven microservices, scalable database architectures, and automated CI/CD pipelines on AWS and Docker.

Technical Skills

Languages & Core: JavaScript (ES6+), TypeScript, HTML5, CSS3, Data Structures & Algorithms

Frontend: React.js, Redux Toolkit, Context API, Highcharts, Bootstrap, Responsive UI Design

Backend & Architecture: Node.js, Express.js, NestJS, RESTful APIs, Microservices, Apache Kafka, Socket.io, JWT, RBAC

Databases & Caching: MongoDB, Mongoose (ODM), Redis, MySQL, Aggregation Pipelines, Query Optimization, Indexing

DevOps & Cloud: Docker, Docker Compose, GitHub Actions (CI/CD), AWS (EC2, S3), Vercel, Render, Jest, Supertest

Experience

Startappss System India Pvt. Ltd.

Nov 2025 – Present

Full Stack Developer

Greater Noida

- Engineered modular backend services and RESTful APIs using **NestJS, Node.js, and Express.js**, implementing centralized error handling and request validation.
- Implemented database indexing and **Redis caching** across critical read paths, reducing average API response times from **3 seconds to 500 ms (83% reduction)** for **100K+ active users**.
- Architected event-driven microservice communication using **Apache Kafka**, enabling asynchronous, reliable processing of **10K+ events/day**.
- Designed and optimized MongoDB schemas and aggregation pipelines using Mongoose to ensure performant data querying across collections with **5M+ records**.
- Automated build, testing, and deployment pipelines using **Docker, Docker Compose, and GitHub Actions**, standardizing staging and production releases.
- Secured application endpoints and sensitive user resources by implementing **JWT-based authentication** and granular role-based access control (**RBAC**).

Edunext Technologies Private Limited

Sep 2022 – Oct 2025

Web Developer

Noida

- Delivered **4+ production full-stack web applications** using the MERN stack (MongoDB, Express.js, React.js, Node.js) supporting core business operations.
- Optimized database access patterns and query execution plans, decreasing average server response latency from **2 seconds to 700 ms (65% reduction)** during peak traffic.
- Developed a modular library of reusable **React.js/Redux** components and interactive **Highcharts** dashboards for multi-metric reporting.
- Integrated **Socket.io** for real-time bidirectional communication and instant user notifications, eliminating manual refresh overhead.
- Managed application deployments, monitoring, and zero-downtime maintenance across **AWS EC2, Vercel, and Render**.

Magic Edtech

Dec 2021 – Aug 2022

Digital Media Trainee

Noida

- Developed interactive, accessible digital web components and structured e-books utilizing **HTML5, CSS3, and JavaScript**.
- Conducted cross-browser compatibility testing and responsive UI validations across multiple device viewports and screen resolutions.

Projects

AI-Powered Adaptive Learning Platform | *React.js, Node.js, TypeScript, MongoDB, LLMs, REST APIs*

- Architected an adaptive learning platform that evaluates learner assessments and automatically identifies knowledge gaps via LLM-based analysis.
- Built a semantic recommendation engine using vector similarity to dynamically match diagnosed knowledge gaps with relevant learning modules.
- Engineered contextual quiz generation and evaluation workflows, tracking real-time progress telemetry and mastery updates via interactive dashboards.

Education

Chandigarh University

2026 – Present

Master of Computer Applications (MCA) – AI & ML (Online / In-Progress)

Punjab

Singhania University

2018 – 2021

Bachelor of Computer Applications (BCA) – CGPA: 7.24

Rajasthan

Certifications

Coding Ninjas: Full Stack Web Development (Frontend, Backend, Data Structures & Algorithms)
